EE422C Project 3 (Word Ladder) Team Plan

Manuel Gomez, mlg3454
Don Ton, dt22776
Fall 2016

We both wrote initialize(), parse(), printLadder(), and Node{}.

Don did the DFS initially, and we both sat down together for debugging. Don created 2 test cases BFS and 3 for DFS.

Manuel did the BFS initially, and we both sat down together for debugging. Manuel created 2 test cases for DFS and 3 for BFS.

We spent approximately 12 hours together in the room together scattered on different days.

The final commenting and testing was done together.
